	Page
ACKNOWLEDGEMENT	i
ABSTRACT	ii
TABLE OF CONTENTS	vi
LIST OF TABLES	ix
LIST OF FIGURES	xii
APPENDIX TABLES	xiii
CHAPTER I : INTRODUCTION	1
1.1 Background	1
1.2 Statement of the Problems	2
1.3 Rationale	5
1.4 Objectives	6
1.5 Literature Review	7
1.5.1 Vietnam Pricing Policies	7
1.5.2 The Household Economy	8
1.5.3 Measuring Efficiency	9
1.5.4 Applications of Profit Function	10
1.5.5 Justification of the Use of Profit Function Approach	11
1.6 Usefulness of the Study	12
CHAPTER II : METHODOLOGY	13
2.1 Scope of the Study	13
2.2 Data Collection	13
2.2.1 Sampling Procedure	13
2.2.2 Information to be Collected	14
2.3 The Theoretical Model	16
2.4 Model Specification	19
2.4.1 The Translog Variable Profit Function	19
2.4.2 Variable Input Share Equations	21
2.4.3 Statistical Inference and the Measurement of Fit in the System of Equations	22
2.5 Elasticities of Demand for Variable Inputs	24
2.6 Output Supply Elasticities	25

2.7	The Allen Partial Elasticities of Input Substitution	26
2.8	Budgeting Analysis	27
2.9	Cost-Effective Policy Analysis	28
CHAPTER III : RICE PRODUCTION ENVIRONMENT IN THE MEKONG DELTA		30
3.1	General Socio-economic Conditions	30
3.1.1	Demographic Characteristics	30
3.1.2	Farming Experience	30
3.1.3	Education Level	31
3.1.4	Land Ownership	33
3.1.5	Farm Equipment and Assets	33
3.2	Production Environment	34
3.2.1	Arable and Paddy Land Distribution in Sample Farms	34
3.2.2	Cropping Systems	35
3.2.3	Production Management	37
3.2.3.1	Land Preparation	37
3.2.3.2	Crop Establishment	37
3.2.3.3	Nutrient Management	38
3.2.3.4	Pest Management	39
3.2.3.5	Water Management	40
3.2.3.6	Harvesting and Post-harvest Operations	41
3.2.4	Farmers' Concerns in Rice Production	41
3.3	Marketing Environment	42
3.3.1	Proximity and Accessibility to Market	42
3.3.2	Input Market	44
3.3.3	Rice Marketing	48
3.3.3.1	Marketing Practices	48
3.3.3.2	Price Determination	48
3.3.3.3	Seasonal Price Variation	51
3.3.3.4	Price Difference among Locations and Farm Sizes	52
3.4	Agricultural Supporting Factors	53
3.4.1	Credit	53
3.4.2	Technology Diffusion Institutions	56
3.5	Income and Consumption	58
3.6	Highlights	61

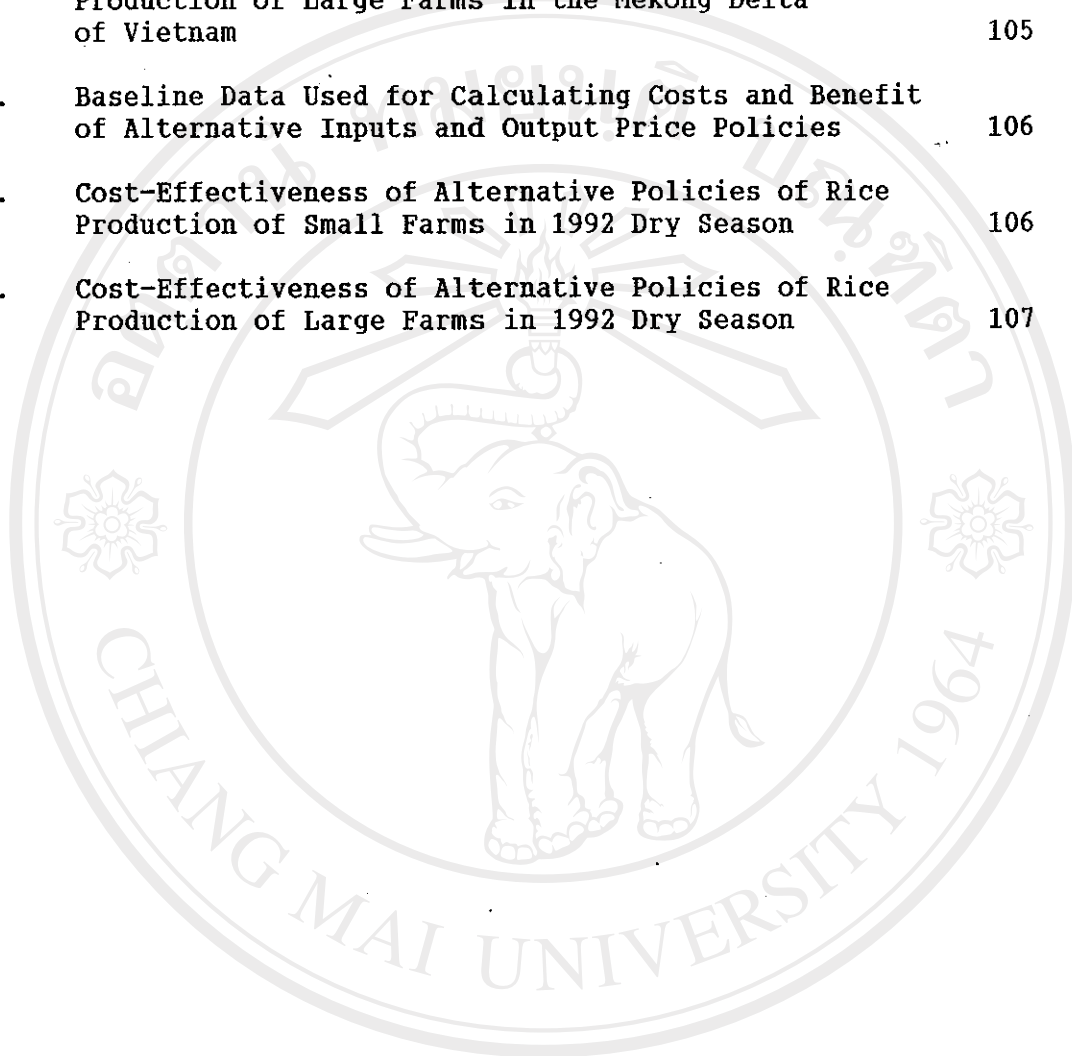

CHAPTER IV : ECONOMICS OF RICE PRODUCTION	63
4.1 Material Input	63
4.1.1 Seed	64
4.1.2 Fertilizer	65
4.1.3 Pesticide	66
4.1.4 Irrigation Water	66
4.2 Labor Input	67
4.3 Yield	69
4.4 Cost of Production	73
4.5 Comparative Analysis of Profitability	78
4.6 Highlights	80
CHAPTER V : OUTPUT SUPPLY AND VARIABLE INPUT DEMAND	82
5.1 Model Specification	82
5.2 Checking Contemporaneous Correlation of Disturbances across Equations	85
5.3 Joint Estimation of the Restricted Translog Profit Function and Variable Input Demand Equations	87
5.4 Input Demand and Output Supply Elasticities	94
5.4.1 Input Demand Elasticities	95
5.4.2 Output Supply Elasticities	98
5.5 The Elasticities of Substitution	98
CHAPTER VI : AGRICULTURAL SUBSIDY POLICY ANALYSIS	102
6.1 Changes in Inputs Utilization and Rice Supply to Alternative Price Policies on Winter-Spring Rice Production	103
6.2 Cost-Effectiveness of Alternative Price Policies on Winter- Spring Rice Production	105
CHAPTER VII: CONCLUSION AND RECOMMENDATIONS	112
7.1 Summary	112
7.2 Conclusion and Recommendation	116
REFERENCES	120
APPENDIX	125
CURRICULUM VITAE	131

LIST OF TABLES

	Page
Table 1. Land Availability in Different Regions of the Country	2
Table 2. Production of Food Crops per Capita	8
Table 3. General Socio-economic Information of the Study Area	31
Table 4. General Characteristics of Rice Farming by Farm Size	32
Table 5. Farm Equipments Owned by Sample Farmers	34
Table 6. General Agro-economic Information of Rice Farming by Location	35
Table 7. Farmers' Concerns in Rice Production at Present Time	42
Table 8. Proximity and Accessibility to Market of the Study Area	43
Table 9. General Information on Input Market	45
Table 10. Means of Input Transportation in the Study Area	46
Table 11. Farmers' Evaluation on Prices of Input and Tractor/Bullock Cost	47
Table 12. Marketing Practices of Sample Farmers on Selling Rice	48
Table 13. Farmers' Opinion of Factors Affecting Rice Price	49
Table 14. Farmers' Evaluation on Current Rice Prices	50
Table 15. Farmers' Basis for Estimation of Expected Rice Price	50
Table 16. Rice Price at Farm Gate Received by Farmers in Dry Season	53
Table 17. Indebtedness of Sample Farmers in 1992 Dry Season	54
Table 18. Requirement of Credit for Future Investment on Farm	56
Table 19. Sources of Technology and Price Information Received by Farmers	57
Table 20. Usefulness and Difficulty in Understanding and Applying Price and Technology Information	58
Table 21. Sources of Farmers' Income Classified by Location	59

Table 22.	Sources of Farmers' Income Classified by Farm Size	59
Table 23.	Farmers' Expenditures in Living Needs Classified by Location	60
Table 24.	Farmers' Expenditures in Living Needs Classified by Farm Size	61
Table 25.	Material Inputs Used in Rice Farming Classified by Location	64
Table 26.	Material Inputs Used in Rice Farming Classified by Farm Size	64
Table 27.	Labor Allocation in Rice Farming Activity by Location	68
Table 28.	Labor Allocation in Rice Farming Activity by Farm Size	69
Table 29.	Average Rice Yield Classified by Location, Farm Size Soil Classes and Land Preparations	70
Table 30.	Comparison of Material Inputs and Yield among Different Rice Farming Environments	72
Table 31.	Profitability at Farm Specific Prices of Rice Production Classified by Location	74
Table 32.	Profitability at Farm Specific Prices of Rice Production Classified by Farm Size	75
Table 33.	Profitability at Farm Specific Prices of Rice Production Classified by Farm Size and Location	76
Table 34.	Disturbance Correlation Matrix across Equations in Small Farms	86
Table 35.	Disturbance Correlation Matrix across Equations in Large Farms	86
Table 36.	Seemingly Unrelated Estimates of System of the Normalized Translog Profit Function and Variable Input Share Equation for Small Farms	90
Table 37.	Seemingly Unrelated Estimates of System of the Normalized Translog Profit Function and Variable Input Share Equation for Large Farms	92
Table 38.	Output Supply and Variable Input demand Elasticities for WS Rice Production, Dry Season 1992	95
Table 39.	Elasticities of Substitution between Variable Inputs	99

Table 40.	Effects of Selected Policies on Winter-Spring Rice Production of Small Farms in the Mekong Delta of Vietnam	104
Table 41.	Effects of Selected Policies on Winter-Spring Rice Production of Large Farms in the Mekong Delta of Vietnam	105
Table 42.	Baseline Data Used for Calculating Costs and Benefit of Alternative Inputs and Output Price Policies	106
Table 43.	Cost-Effectiveness of Alternative Policies of Rice Production of Small Farms in 1992 Dry Season	106
Table 44.	Cost-Effectiveness of Alternative Policies of Rice Production of Large Farms in 1992 Dry Season	107
