Acknowledgement

I greatly thank Assoc. Prof. Dr. Bantoone Warrit research advisor, Assoc. Prof. Prawit Puddhanon, Lect. Dr. Tanachai Pankasemsuk and Lect. Dr. Somchai Jomduang for their suggestions, teachings, and encouragement to conduct this research immensely; and also thank Assoc. Prof. Dr. Pittaya Sruamsiri and Asst. Prof. Dr. Prasit Noree for their comments to improve the accuracy and read ability of this dissertation.

I would like to thank Assoc. Prof. Dr. Kanlaya Vanichbuncha, Deputy Director, Institute of Health Research, Chulalongkorn University for her comment about cluster analysis. I also thank Assoc. Prof. Dr. Nuansri Rakariyatham, Director of Science and Technology Service Center, and Assist. Prof. Dr. Kobkiet Saengnil, Department of Biology, Faculty of Sciences, Chiang Mai University for their laboratory help about total phenol and antioxidant index analysis.

I appreciate Mr. Wasan Nuphirom, Director of the Queen Sirikit Sericulture Centre (Chiang Mai) for his truly helpfulness about winemaking-place throughout this research.

I am grateful to my father, mother, elder sister and my husband, Dr. Sermsakul Pojanagaroon, for their constant encouragement, patience, helpfulness, and understanding during this study.

This research was partially financial supported by a grant of the National Research Council of Thailand and Agricultural Research Fund of Department of Agriculture.

Siriporn Pojanagaroon
