ACKNOWLEDGEMENT

I wish to express my sincere gratitude and respect to Assoc.Prof.Dr. Arunee Apichartsrangkoon, Dr. Alan E. Bell, and Dr. Ampin Kuntiya for their enthusiastic guidance, assistance, and support during doing this thesis.

Thanks are also expressed to Dr. Somchai Jomduang and Dr. Wichitra Daengprok who gave me their valuable time to evaluate my work and gave some suggestions.

I am also very grateful to Prof.Dr. Dave Ledward for his helpful discussion on preparing the manuscript for publication.

I would like to thank School of Food Biosciences, the University of Reading, UK, Pibulsongkram Rajabhat University and Graduate School, Chiang Mai University for giving me the opportunity to do this research and their financial support during my graduate study.

I wish to thank all of Ph.D. and Master students of the Department of Food Science and Technology, Faculty of Agro-Industry, Chiang Mai University, for their kind assistance on the sensory evaluation.

I would like to give special thanks to my parents, my parents in law, my brother, my sister and my children, Thanachaporn and Chirakit, for their love and cheer which I will never forget.

Finally, I wish to thank my dear wife, Piyawan, for her love, strength, and patience through my good and bad times and a tremendous support and encouragement during this period.
