ACKNOWLEDGEMENT

The author is greatly indebted to the guidance and the most kind encouragement of Lecturer Dr. Thanusak Tatu who provided his proper advice at all stages of this experimental study.

My deep gratitude is heartily expressed to the members of examining committee; Emeritus Professor Dr. Torpong Sanguansermisri, Emeritus Professor Dr. Panja Kulapongs, Associate Professor Dr. Supan Fucharoen for their encouragement, criticism, valuable suggestion, helpful discussion and for revising the manuscript.

In addition I would like to thank Lecturer Prasit Chanarat, Department of Clinical Microscopy, Faculty of Associated Medical Science, Lecturer Dr. Pimlak Charoenkwan, Miss. Rattika Saetung and Miss. Tasaneeya Chamrasratanakorn, The thalassemia research unit, Department of Pediatrics, Faculty of Medicine, Assistant Professor Dr. Supatra Sirichotiyagul Department of Obstetrics and Gynecology, Faculty of Medicine, Lecturer Dr. Peerasak Malikaew, Department of Community Dentistry, Faculty of Dentistry, Chiang Mai University for the support, suggestion in this thesis.

The acknowledgement is also put forward to Department of Clinical Microscopy, Faculty of Associated Medical Science, The thalassemia unit, Department of Pediatrics, Faculty of Medicine, Chiang Mai University and Thalassemia reseach unit, The Health Science Reserch Institute, Naresuan University.

Finally, I would like to express thanks to my parents, my colleagues, my friends and everyone in my family for their love, support, sympathy and understanding throughout this study. These will remain in my memory forever.

Waratip Sritong
