ACKNOWLEDGEMENT

The author wishes to express sincere gratitude and appreciation to Lect. Dr. Samatchai Chamnongkich, thesis advisor, for his excellent guidance, continuous discussion and vast knowledge. Without his support and encouragement, this thesis could not be accomplished.

I would like to express my sincere thanks to all examining committee for their kindness suggestions and corrections of this thesis. Many thanks are also extended to all of my friends for their help and warm friendship.

I would like to offer my special thanks to the participants and their coaches for their participation and nice connection throughout my experiment.

Finally, I would like to express my great gratitude to my parents and my relatives for their love and encouragement throughout this study.

Sutima Thibordee
