ACKNOWLEDGEMENT

First, and most importantly, I wish to thank my parents, Aneck and Yupin Nimmolrat. They raised, supported, encouraged and loved me and I dedicate this thesis to them both.

I would also like to express my most sincere gratitude to my supervisor, Dr. Nopasit Chakpitak for giving me the opportunity to engage in this Ph.D. study. In particular, for all the detailed and constructive comments, excellent advice, and for his continued support and encouragement throughout this work.

Besides my advisor, I would like to give my warmest thanks to all my thesis committee members: Assistant Prof. Dr. Napat Hanpornchai, Dr. Tirapot Chandarasupasang, Dr. Pradorn Sureephong, Dr. Anukul Tamprasirt, and Dr Asawin Rajakrom, for all the suggestions and insightful comments.

I would like to extend my gratitude to all participants and supporters of the Creative Building for Northern SMEs project for their time and useful information for this research. I also wish to acknowledge Dr. Paul Goldsmith and Dr. Kitti Waratana, who spent their valuable time to help in revising and editing this thesis with understanding and superb suggestions.

My sister, brother and entire family also deserve thanks for providing a loving and supporting ambiance for me.

Last but not least, I would like to thank all my colleagues at CAMT, Chiang Mai University for allowing me to spend time working on my Ph.D. study.

It is a pleasure for me to recognize and thank so many people who made this thesis possible.
