ACKNOWLEDGEMENTS

I would like to express my sincere thanks to my advisors, Dr. Eduardo Yugo Suzuki, Assoc. Prof. Dr. Boonsiva Suzuki, and Prof. Pasuk Mahakkanukrauh for their warming support, precious suggestion, improvement of this thesis, and pushing me up to the goal of this project.

I would like to acknowledge the assistance of Dr. M. Kevin O Carroll, Professor Emeritus of the University of Mississippi, School of Dentistry, and Faculty Consultant at Chiang Mai University, Faculty of Dentistry, in the preparation of the manuscript.

I would like to acknowledge the assistance of Narumanas Korwanich, Department of Family and Community Dentistry, Faculty of Dentistry, Chiang Mai University for his suggestions about statistical analysis.

My sincere appreciation is expressed to Assoc. Prof. Nita Viwattanatipa for cheering and brightening me up throughout this study. My special thanks are also extended to all staffs of the Department of Orthodontics, Faculty of Dentistry, Chiang Mai University, for their support and suggestions. I would like to express my appreciation to my friends, graduate students of Master of Science in Orthodontics program, for their assistance and cheerfulness throughout this quite long journey.

Lastly, I am deeply grateful to my wife and son, who always give love and encouragement.

Thanatip Setthayon
