ACKNOWLEDGEMENT

I would like to express my sincere gratitude and appreciation to my advisor, Associated Professor Dr. SuttichaiKrisanaprakornkit, for his guidance, encouragement, supervision, suggestion and kindness throughout the course of my PhD degree program. I wish to thank my thesis committee members; Assistant Professor Dr. SakornratKhongkhunthian, Assistant Professor Dr. KassaraPattamapun, Associated Professor Dr. PrachyaKongtawelert, and Associated Professor Dr. NawaratWara-Aswapati Charoen, for their suggestions and kindness in being committee members.

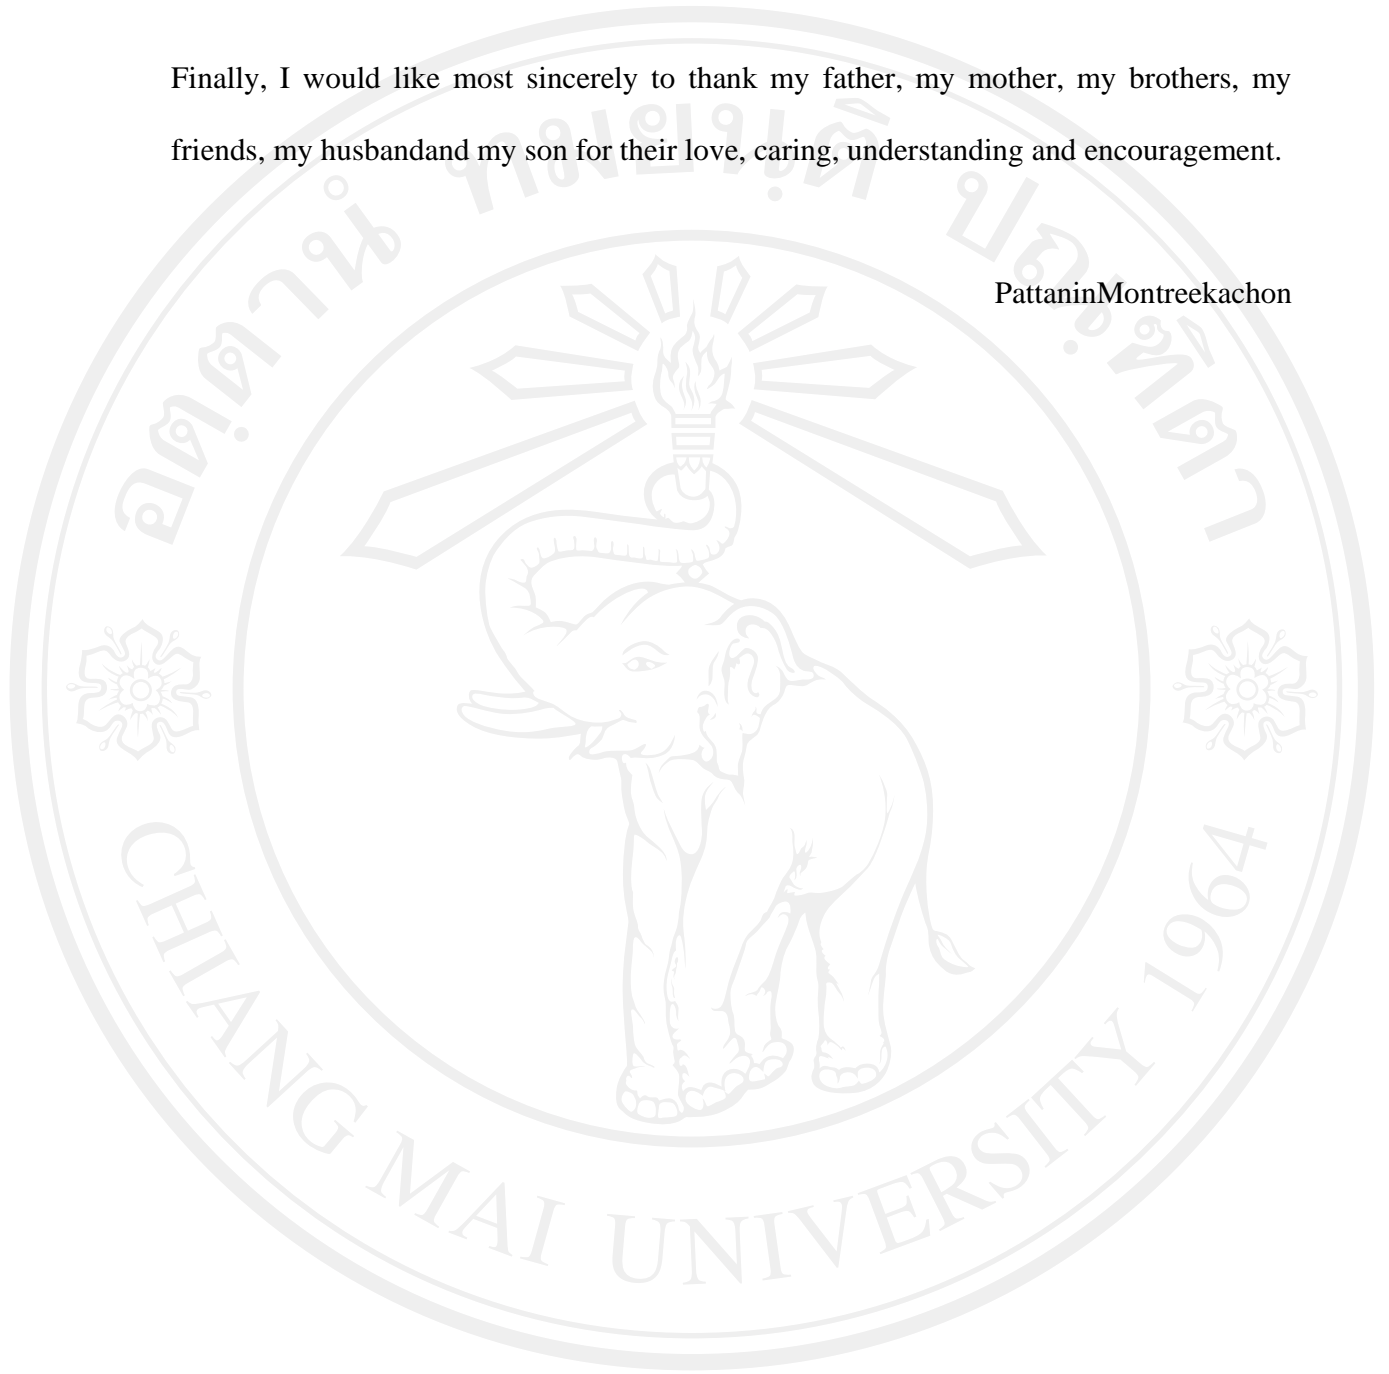

Sincere appreciation is expressed to MissPareenaChotjumlong, research assistance and PhD candidate, for her assistance in setting the experiments and her kind advice for all valuable technical assistance.

Dr. M. Kevin O Carroll, Professor Emeritus of the University of Mississippi School of Dentistry, USA, and Faculty Consultant at Faculty of Dentistry, Chiang Mai University, Thailand, for his assistance in the preparation of the manuscripts.

I would like to acknowledge research grant from the Graduate School, Chiang Mai University and Cooperative Research Network for the partial financial support for this study. My sincere appreciation is also extended to the staff of Periodontology Division, Department of Restorative Dentistry and Periodontology, Faculty of Dentistry, Chiang Mai University for their kindness, guidance and encouragement.

Finally, I would like most sincerely to thank my father, my mother, my brothers, my friends, my husband and my son for their love, caring, understanding and encouragement.
