ACKNOWLEDGEMENT

Firstly, I would like to acknowledge the Ministry of University Affair on providing the scholarship for my graduate study. This scholarship facilitates me to complete the thesis and gives me a great opportunity to understand how to do research. I also would like to sincerely express my deepest gratitude to my thesis advisor, Assoc. Prof. Dr. Suvichai Rojanasthien , Assoc. Prof. Dr. Daoroong Kangwanpong and Assoc. Prof. Dr. Siriwan Ong-chai for their kindness and nice instruction. I am appreciated to all staffs of Elephant and Wildlife Clinic and Satellite Clinic, Faculty of Veterinary Medicine, Chiang Mai University for their suggestion, help on solving problems and for their eternal friendship. If elephant camps have not collaborated, my thesis will never be finished.

Thanks for their cooperation, Mr. Chuchat Kulmapijit, Mrs. Anchalee Kulmapijit, and Dr. Roonachit Rungsri, Mae Sa Elephant Camp, Chiang Mai and Dr. Sittidet Mahasawangkul, Dr. Taweepoke Angkawanish, Dr. Saran Chansitthiwet and Dr. Khajornpat Boonprasert, Thai Elephant Conservation Center, Nation Elephant Institute, Lampang, Thailand. The last, thanks to Dr. Chatchote Thitaram for preformed the laboratory techniques in the Utrecht University, The Netherlands.
