Abstract in Thai	e
Abstract in English	f
List of Tables	i
List of Figures	j
List of Abbreviations	k
Chapter 1 Introduction	1
1.1 Aims of the study	3
1.2 Hypotheses of the study	3
Chapter 2 Literature Review	4
2.1 Prevalence of neck pain	4
2.2 Classification of neck pain	6
2.3 Lower trapezius muscle and its dysfunctions	9
2.4 Ultrasound imaging (USI)	11
Chapter 3 Methods	16
3.1 Sample size and calculation	16
3.2 Participants	16
3.3 Measurements	17
3.4 Procedure	20
3.5 Reliability of ultrasound imaging	21
3.6 Independent and dependent variables	22
3.7 Statistical analysis	22
3.8 Location	23

Chapter 4 Results	24
4.1 Demographics of participants	24
4.2 Thickness of the lower trapezius muscle	24
4.3 Correlations of the lower trapezius and neck pain characteristics	25
Chapter 5 Discussion	26
5.1 Overview of study results	26
5.2 Lower trapezius muscle thickness	27
5.3 Correlation features	29
5.4 Limitations of the study	30
5.5 Clinical implication	30
5.6 Future direction research	31
5.7 Conclusion	31
References	32
Appendix	46
Appendix A Ethical clearance	46
Appendix B Questionnaires	52
Appendix C Inter-and intra-rater reliability of ultrasound imaging measurements	59
Curriculum Vitae	75

LIST OF FIGURES

	Page
Figure 1 The anatomic region of the neck from the back and the side	6
Figure 2 The origin and insertion of the lower trapezius muscle	9
Figure 3 Ultrasound imaging unit	19
Figure 4 Ultrasound imaging of the lower trapezius muscle thickness at T8	19
Figure 5 Measurement of the lower trapezius muscle thickness using Image J program	20
Figure 6 Flowchart of procedure in the study	21

LIST OF ABBREVIATIONS

% IEMG	Percent integrated electromyography
2Ds	Two dimensions
BMI	Body mass index
CSA	Cross sectional area
CT	Computed tomography
EMG	Electromyography
FABQ	Fear-avoidance beliefs questionnaire
IASP	International association of the study of pain
ICC	Intraclass correlation coefficient
MRI	Magnetic resonance imaging
MVC	Maximum voluntary contraction
NDI-TH	Neck disability index-Thai version
NPQ	Northwick park neck pain questionnaire
RUSI	Rehabilitation ultrasound imaging
TrA	Transversus abdominis
USI	Ultrasound imaging
VAS	Visual analog scale
WAD	Whiplash associated disorder
